ENGLISH USER MANUAL

- The ring lamp explained

Components

1. Adjustable and collapsible tripod, with storage and carrying bag
2. Ring lamp with phone holder
3. Remote control

The tripod (1) is the standard, the holder for the ring lamp. This is adjustable in height.

Unfolded it is minimal, approx. 69 cm, and maximum approx. 210 cm. These sizes do not include the lamp. This tripod comes with a handy and beautiful carrying and storage bag.

The ring light (2) is the light source, this lamp can be set in 3 heats and 10 brightnesses. This ring lamp has a handy telephone holder, which can be unscrewed, so that a camera can be mounted, for example.

The lamp can be set with the remote control (3), which has 4 buttons, with which you can turn the lamp on and off, increase or decrease the brightness, and adjust the heat of the lamp.

LUBIX

To use

Carefully remove the tripod from its pocket.

Set up the tripod

Unscrew the bottom screw (see photo) (counterclockwise).

Then push the 3 stands (legs) out a little, and then carefully press down the holder of the three legs (see photo).

The legs will then extend outwards, forming a stand. When the legs are in the desired position, tighten the bottom screw again, so you have set up the tripod.

Fix the lamp

On top of the tripod there is a 'swivel mount' for the ring lamp. Place the ring lamp on it and turn it clockwise until the lamp is firmly attached to the tripod.

Adjust the height

The tripod can be adjusted in height by loosening the other two screws and extending the tripod. You can retighten the screws at the desired height.

ENGLISH MANUAL

IMPORTANT PRECAUTIONS

Basic safety precautions should be followed when using this product, including:

> READ ALL INSTRUCTIONS BEFORE USE

- Before use, inspect all parts for scratches, holes, tears, worn areas, discoloration or loose stitching, and other unusual issues. If something is wrong with a part, do not use the product and contact our customer service as soon as possible.
- Do not use the parts on, for example, concrete or other rough surfaces. When used on rough surfaces, the elements can be damaged. So make sure that the surface is flat during use and that all sharp parts are away. So also be careful with rings and long nails.
- This product is not a toy, so it is not intended to be played with. So also keep the elements away from children, pets or any other individuals who need supervision.
- Close supervision is necessary when used by or near children.
- Before use, check that all parts are correctly positioned and attached.
- Use all parts only and always responsibly.
lubiX cannot be held accountable and/or responsible for the possible consequences of using this product.
- Keeps the parts from being too hot (> 35 degrees Celsius) or too cold (< -15 degrees Celsius) for a long time.
- Use the parts only in the way for which they are intended.
- Only use this product in responsible and thoughtful ways.
- Clean all elements regularly.
- Do not disassemble and/or attempt to modify this product.
- This product is not intended for use in the freezer or microwave.
- Avoid cleaning with chemical tools. Regular cleaning with just a damp cloth is sufficient.
- Keeps non-watertight elements out of damp areas.
- Avoid strong shocks or impacts.
- Never leave the device unattended when it is in use.
- Only use the USB as a power supply and in the manner indicated in the user manual.
- If the lamp smokes, emits a foul odor, heats up or shows abnormal symptoms, there may be a risk of fire or electric shock, take the following measures as soon as possible:

1. Disconnect the charger / charging cable from the wall socket when charging is in progress.

2. Turn off the ring light.

- To avoid the risk of electric shock, do not immerse the cord or plug in water or other liquids.
- Do not let the cord hang over the edge of the table or touch it or touch hot surfaces.
- Do not use any appliance with a damaged cord or plug. And do not use the defective device that is damaged by dropping or otherwise. Return the unit to the nearest authorized service center for examination, repair or electrical mechanical adjustment.
- Unplug the lamp when not in use.
- Do not mount too heavy things on the lamp; the lamp is reasonably strong, but only made for holding a telephone, for example. Does the tripod shake a lot? Then it is probably too heavy.

THIS PRODUCT IS FOR HOUSEHOLD USE ONLY

> PACKAGE CONTENTS

1x Ring lamp, with phone holder

> Supplied in the colors as shown in the photo

1x Adjustable and collapsible tripod

> Supplied in black

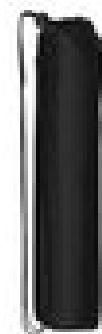

1x Control buttons
